Endowment Funds

100,000

In scholarships offered annually to students in need.

\$2,500

In scholarships currently covered by endowed funds.

Endowed funds pay without ever affecting the principal value. Meaning, they last forever!

Levels:

Named Endowment: \$50,000

This level gives you the ability to name the endowment. Most donors at this level name it for their family or a loved one. This scholarship endowment will generate a yearly amount that is to be awarded to SBES families that have a financial need for scholarships. Every year a family is awarded this amount, they will be notified of the Endowment Fund it is given from and a letter will be sent out in honor of you!

Classroom Naming Rights: \$150,000

In addition to your named endowment, once reaching the \$150,000 level, donors will have the ability to name a classroom. This will be shown through large permanent letters both inside and outside of the classroom. As long as SBES is here, children and families will walk the halls of our great school recognizing the generosity of our committed community members. Name a classroom after your business, family, or in memory of a loved one.

Building Naming Rights: \$500,000

Naming a building after your family, business, or loved one is one of the most noticeable and noble things a donor can do. Large signage, plaques, notifications, and reference to your generosity will show the our SBES community how much you support what our school does for the children that attend. "Welcome to the Boulevard Tire Pre-k/Kindergarten Building" is something that lasts forever to commemorate the scholarships and funds that will recur year after year as a result of your donation.
